PREFACE

Since 1921, when Brigham Young University entered Rocky Mountain Conference football, zealous Cougars have built up football tradition around a university steeped in tradition.

Teams have come and gone, but each has contributed to the preservation of a Cougar reputation for courage and will to win. Each has maintained a traditional, genuine appreciation of the merits of every victorious opponent and the sportsmanship and calibre of every defeated one. Although tradition has placed University of Utah games as the most important of each season, creditable performances by other opponents, too, have made Cougarites deem them all important.

1942 gave to the "Big Seven" Brigham Young's most recent team, and 1946 brings to it, now the Mountain State Conference, the "Y's" first contribution to postwar football. In the interim between those two seasons, the coaching staff, consisting of Edwin R. Kimball, Wayne Soffe, Floyd Millet, Art Gilbert and Ferron R. Losee, while focusing all attention to active war service (with the exception of Floyd Millet), looked forward eagerly to a revival of the Blue and White on the gridiron. No more appropriate tribute could be paid now with our efforts and gratitude those Cougars who have made football history in previous years and world history in foreign lands.

PROSPECTUS

We expect B.Y.U. 1946 football to be:

Creditable.

"It is somewhat difficult for me to predict the results of the B.Y.U. football team for the 1946 season. I am new at B.Y.U. and have not had the opportunity to see in action the spirit of the team and of the student body. It takes a loyal team and an enthusiastic student body to develop a great team. It is true B.Y.U. has not had a football team for the past four years. Therefore, the players are all going to be new to each other and must be trained to function in unison. Our spring football practice gave evidence that the men who will appear on the field this fall are determined to give all they have to have a real football team. I believe that it will be a team that will be a credit to Brigham Young University. I am sure we will hold our own with those who have been having regular teams during the war period. I am proud of our coaching staff -Eddie Kimball and his entire staff are men who desire to have a winning football team, but who will develop the true spirit of sportsmanship and the upbuilding of youth at Brigham Young University. When the football season has passed into history it will be said of the B.Y.U. team, 'Well done, men; we are proud of you.'"

---Howard S. McDonald, President, B.Y.U.

Offensively strong.

"After being out of football since 1942, our coaches and players are looking forward to the 1946 season with unusual interest and enthusiasm. The success of this Cougar eleven will depend upon the ability of the older men to regain their pre-war form and the speed with which the younger men master the rudiments of college football. Our new offense promises to be a crowd pleaser. It is wide-open attack featuring laterals and forward passes."

---Edwin R. Kimball, Head Coach

Unusually interesting.

"After an absence from the B.Y.U. for four years while serving in the U.S. Navy, I find myself somewhat hesitant in stating just what the blue and white team will do this fall. However, I do know after reviewing this year's offense several times with Coach Kimball, the B.Y.U. will attempt to run everything in the football book. This brand of football will be very interesting for the participant. If the spring practice can be considered a good gage, this fall should find a squad of some cosmopolitan football players at the B.Y.U. with an esprit de corps that certainly cannot be surpassed and will surely bring the 'Y' more than its share of victories."

---Wayne Soffe, Assistant Coach

PROSPECTUS (Continued)

Gallant renewal

"It is a great thrill to have football back in the Cougar Stadium, and I know the Coaching Staff is looking forward to some great games this fall. I realize that it is going to be mighty tough for B.Y.U. to come back into Intercollegiate Football after three years with no team, but I am sure we will present a respectable team before the season is too far along."

--- Floyd Millet, Ass't Coach, Scout

An array of ability

"This has been a long anticipated year, as Coach Kimball and his entire staff have been looking forward to resuming the football wars after four years in the service. I predict a great season--one that all loyal fans will be anxious to watch--and one in which this 1946 grid machine that Coach Kimball has arrayed will indeed be a credit to the long B.Y.U. traditional structure."

--- Art Gilbert, Trainer

Record-breaking

"The Brigham Young University has always presented strong athletic teams in most sports. Our past record hasn't been enough, however, and we intend to bring to the 'Y' campus the nation's top-notch athletic teams and individual athletes. We expect in the not too distant future to have adequate facilities for an athletic program second to none."

--- Ferron C. Losee, Graduate Manager

Superior quality

"B.Y.U.'s football outlook for 1946 is good. Coach Eddie Kimball and his staff are much better prepared for the job of building a team. The material they have is mature with some playing experience, plus a few first class Freshman prospects. We are safe in predicting that the quality of the play and the interest to the spectators will be higher than ever before. I am confident the Cougars of this year will play the most interesting brand of football we have ever seen."

--- Ariel S. Ballif, Chairman Athletic Council, B.Y.U.

SKETCHES OF COACHES

Edwin R. "Eddie" Kimball Head Coach

Eddie Kimball, professor of physical education, director of athletics and head coach, has a mien that suggests he likes being "one of the boys." His friendly, ready smile is one of the many attributes that make him popular with his colleagues, players, and friends. Love of the football game has garnished Eddie's 10 years of Brigham Young University football. He coached for six years and has a coaching record of 21 games won, 15 lost, and 6 tied. He was given a four-year military leave from 1942-1946, during which time he was the first physical training and military training officer for Commander Fleet Aviation on the west coast; was in charge of physical, military, survival, recreation, and welfare for all Naval Aviation from San Diego through the Aleutian Islands, and in the Pacific Ocean; and was staff officer for Commander Air Force, Pacific Fleet.

Before succeeding G. Ott Remney in 1937 as Head Coach and Director of Athletics at Brigham Young University, Eddie built a reputable record in competitive athletics there. He had been active in four sports at Jordan High School, Sandy, Utah. They were no less than the "Big Four," and Eddie won letters in each. On the Cougar teams of '23, '24, and '25, he played regular end and was captain of the 1925 grid team.

Eddie graduated from B.Y. U. in 1926, with a degree in Accounting and business, and a minor in Physical Education. He began coaching at Millard County High School and produced three winning teams. Next, as coach at Jordan High, he developed three state football championship teams from 1931 to 1935, one of which went on to become Southwest champions. It was in 1934 that he received a Master's Degree in Physical Education at the University of Southern California.

Coaching is far more than just a job to Eddie Kimball, and he has returned to the realm of college football with profound zest and high hope for a brand of ball unequalled before in his already colorful coaching career.

SKETCHES OF COACHES (Continued)

Wayne Soffe Assistang Coach

Wayne Soffe is "home" again after a service sojourn for four years. He joined the Navy in June, 1942, and served as Director of Athletics at the Naval Air Station at Whidley Island, California, and was in charge of the survival program for fleet units attached to CASU 33. He was discharged on August 15, 1946 and will once again combine his knowledge and techniques in coaching football and wrestling at B.Y.U.

One of the youngest members of the 1946 coaching staff, personable Wayne Soffe began coaching in 1938, and had been ably performing thus for six years. During this time he received a Master's Degree in Physical Education at B.Y.U. to academically supplement his athletic achievements.

In 1934, Wayne graduated from Jordan High School, where he participated in football and basketball, and was named on several all-state teams in both sports. After regular spot on the B.Y.U. eleven for three years, he was named captain in 1937, his senior year, and in this same year he was named on several all-conference teams for his work at end. Wayne is now Instructor in Physical Education and Assistant Athletic Coach.

Floyd Millet Assistant Coach, Scout

With the transferring of members of the "Y" coaching staff to various service stations during the war, Floyd Millet assumed the mentor duties in football during 1942. Now it falls his lot to assist in coaching and perform the important functions of scouting.

Floyd came to Brigham Young University as a student in 1931, from Gila College, Thatcher Arizona. Here he starred in basketball, football, and track, winning honors in all, including selection to an all-conference basketball team. After graduating in 1933, he coached at Davis High School, Kaysville, Utah, and produced great football teams, and in 1937, a state championship basketball team. Since '37, he has come through with two track and field championship teams in the Western Division of the Mountain States Conference.

Floyd received an M.S. degree at the University of Southern California in 1939, and did graduate work at B.Y.U., U.S.A.C., and U.S.C. He has been on the B.Y.U. athletic staff for approximately nine years, and is now Assistant Professor of Physical Education, and Coach of Basketball and Track.

SKETCHES OF COACHING STAFF (Continued)

Art Gilbert Trainer

Athletic trainer for B.Y.U. football squads is congenial Art Gilbert, whose buoyant spirit is a factor of personality that made him student body president of South High in his graduating year, and has remained alive throughout his student years at B.Y.U., and years as Instructor in Physical Education and Athletics at Springville High School and Murray High School.

In high school, Art was active in football, basketball, and track, and was named on all-city teams. In college he was Freshman football captain, and co-captain in his senior year. He received a B.S. Degree from B.Y.U. in 1940, and entered the Navy in 1942 in Tom Hamilton's Physical Fitness Program. His Naval Aviation service took him from Chapel Hill, N.C., to St. Mary's California, and North Island, California. Art was appointed trainer at B.Y.U. in the spring of this year.

Ferron C. Losee Graduate Manager of Athletics

The job of a graduate manager is no mean one, and at Brigham Young Univ. it has fallen to a man whose experience and athletic background qualify him to efficiently transact the business peculiar to college athletics.

"Los" graduated from B.Y.U. in 1936 with a B.S. Degree. He received his M.S. Degree at the University of Southern California in 1938. Roosevelt High School knew him as its Director of Athletics and Physical Education from 1936-37, but lost him to Weber College, where his services included swimming and track coaching and intramural sports directorship.

Other experience, prior to appointment as Graduate Manager of Athletics at Brigham Young University, include that of field representative of the American Red Cross, Recreation Director, Las Vegas, Nevada, and, like most of his B.Y.U. coaching staff colleagues, United States Navy Athletic instructing.

SONGS

COLLEGE SONG

(Annie Pike Greenwood. Melody arranged by William F. Hanson)

All hail the college that we love
At the throne, the throne of wisdom's sway,
Oh, let us lift our songs above
The thronging multitude today.

No pride nor riches here may sue;
The head, the heart, the hand
United must be true,
Be true to thee, our white and blue.
When they join our happy band.

Chorus:

Then cheer anew for the B.Y.U.
We've come to work, to live, to do.
We'll raise the standard,
Bear it through.
Our hearts are true to the B.Y.U.

No college emblem half so sweet
As our colors, colors pure and true.
No college banner that we greet
Like thee, our dear old white and blue.

No youth its beauty e'er denies
Such tho't no maid allows
For blue is in her eyes
For blue is in her bonnie eyes,
And of white her thoughtful brow.

SONGS (Cont'd.)

(Petter and Daniels, Class of '30 and '31)

We praise our Alma Mater, our Alma Mamma, too !
We cheer for Yale and Harvard, with a boo-la-boo-la-boo.
You've heard the "Songs of Utah," and A.C. anthems sung,
So here's a song we offer at the shrine of Brigham Young:

Chorus:

Our Alma Mater, for you we're fighting
To hear our Cougar scream victory.
His fangs are dripping with blood of battle
Come on, we'll fight, fight, fight for thee!
It's in your honor, we cheer our warriors,
Our songs are ringing, our banner flung,
We're sons of Brigham, united ever,
To fight for Brigham Young.

Now nations fight for glory, and others war for fame.
Still some may strive for fortune and others strive for gain.
But we're just loyal Cougars, alive with pep and fun,
We'll ever don our fighting togs to honor Brigham Young!
