

State-by-State Cougars

This list of BYU football lettermen has never been assembled in this order of state and hometown. Read on to see the players representing 42 different states and three foreign countries (see end of this list).

The eight states not represented by any Cougar grid lettermen are Delaware, Iowa, Kentucky, Maine, Mississippi, North Dakota, South Dakota, and Vermont. The state of Utah is not included in this list as it will appear separately after the Utah State game.

California is represented by 161 cities who have contributed BYU lettermen. Brigham Young himself directed the colonization of nearly 400 communities, so it's not surprising that the towns of Laie, Hawai'i and Mesa, Arizona lead the list of individual towns that have supplied the most Cougar gridders.
